Objective

I seek challenging opportunities where I can fully use my skills for the success of the organization.

Experience

- Zencommerce** January 2023 - December 2023
Web developer
 - Skilled in React.js, specializing in building dynamic and responsive user interfaces for web applications
 - Proficient in frontend technologies: HTML, CSS, JavaScript, jQuery, and Bootstrap.
 - Actively contributing to a SaaS-based platform, specializing in crafting exceptional frontends tailored to clients unique needs.
 - Extensive experience in WordPress development, utilizing site builder like Aruba, Basekit, and your hosting to create professional websites for international clients.
 - Experienced in API integrations, seamlessly connecting web applications with various external services and data sources.
- Realatte Ventures LLP** January 2024 - Present
Web developer
 - Worked extensively on React and Next.js for Frontend development.
 - Developed full-stack applications, utilizing Next.js for the frontend and Node.js/Strapi for backend services.
 - Led end-to-end development of various websites, including real estate, educational platforms, and others.
 - Implemented 3D animations and interactive 3D elements on live websites using GSAP, Three.js, and Spline.
 - Contributed to the complete development cycle of a top real estate organization's website in India.
 - Integrated APIs for various CMS platforms, including Salesforce, SellDo, and others.
 - Completed projects involving PHP for backend development and website functionality.
